

New Source Review newspaper advertisements for construction permit applications, August 4, 2016. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: July 29, 2016, August 2, 2016, or August 3, 2016. Public notices are generally published every week. The previous publication of public notices was July 28, 2016.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mrs. Michelle W. Owenby, Director, Division of Air Pollution Control, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, 15th Floor, Nashville, Tennessee 37243 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Any individuals with disabilities who wish to participate in these proceedings or to review these filings should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such initial contact may be in person, by writing, telephone, or other means, and should be made no less than ten (10) days prior to the hearing, or the date such party intends to review such filings, to allow time to provide such aid or service. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 2nd Floor, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, Nashville, TN 37243, (866) 253-5827 (toll free) or (615) 532 0200. Hearing impaired callers may use the Tennessee Relay Service (1-800-848-0298).

The applicant is ConAgra Foods, Inc. with a mailing address of 540 East Broadway, Newport, TN 37821. They seek to obtain an air contaminant permit (Division identification numbers 15-0001-03 / Log No. 971753F for the modification of their three (3) existing boilers at the same address (mailing address). This modification would be in regard to changing from No. 5 fuel oil to No. 2 fuel oil with lower sulfur content and a new limit of natural gas fuel usage. There would be physical construction, and regulated air contaminants would be emitted by this source. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. Mr. Younes Aleali is the assigned Division person.

For the Cocke County "Newport Plain Talk"-- publish once on Tuesday, August 2, 2016.

The applicant is Imerys Fused Minerals Greeneville, Inc. with a mailing address of P.O. Box 1540, Snapps Ferry Road, Greeneville, TN 37743. They seek to obtain an air contaminant permit (Division identification number 30-0147-11/71853P) for modification of the existing Source 30-0147-11 (Classification and packaging system for mineral oxides) by addition of a Zirconium Classifying and Packaging System, referred to as the 95ZC Classifying System and set a new allowable emission rate. This facility is located at 109 Coile Street, Greeneville, TN 37745. There will be physical construction and Regulated air contaminants would be emitted by this source. One Baghouse would be used for pollution control. Mr. Younes Aleali is the assigned Division person.

For the Greene County "Greeneville Sun"-- publish once on Friday, July 29, 2016.

The applicant is New River Hardwoods LLC with a mailing address of 4343 Highway 91 N., Mountain City, TN 37683. They seek to obtain two air contaminant permits for modification of two existing sources located at the same address, as follows:

(1) Woodworking Operation (Division identification number: 46-0034-02/971689). This existing operation consists of a planning operation and associated equipment. The requested modification is to increase material input rate. A baghouse is used for pollution control. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. Abbas Yavari is the assigned Division person.

(2) Wood Waste Storage Bin Operation (Division identification number: 46-0034-03/971690). This existing operation consists of a 10 ton bin to store collected shavings from the planning operation. The requested modification is to increase material input rate. A cyclone is used for pollution control. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. Abbas Yavari is the assigned Division person.

For the Johnson County "Tomahawk"-- publish once on Wednesday, August 3, 2016.

The applicant is **VanHooseCo Precast, LLC.**, with a mailing address of 244 Blair Bend Drive, Loudon, TN 37774. They seek to obtain an air contaminant permit (Division identification number 53-0167-02 / 71848) for construction of a new Silo (#3) for their Concrete Batch Plant (Precast Operation) located at 250 Blair Bend Drive, Loudon, TN 37774. There will be physical construction and Regulated air contaminants would be emitted by this source. One (1) Cartridge type Filters System would be used for pollution control. Mr. Younes Aleali is the assigned Division person.
